

ASPHALT SEALCOATING

Sealcoating protects the integrity of your paved surface from oil and gas spills, oxidation and water damage. Sealcoating improves your parking lot's appearance, extends its life and reduces maintenance costs.

What We Do

- Inspect your asphalt surface and repair cracks and potholes
- Clean all foreign material from your lot, clean and prime oil spots
- Remove grass and weed overgrowth along edges to ensure that all surfaces are treated
- Apply appropriate coating to meet your traffic and climate needs
- Repaint pavement markings

Who We Serve

- Commercial business parks, distribution centers and individual plants and offices
- Retail establishments and shopping centers
- Hotels, motels and restaurants
- High schools, colleges and universities
- Commercial parking facilities
- Sports complexes
- Local, county and state governments

Selecting Schlouch Is Selecting Experience

When you choose Schlouch Incorporated for your sealcoating and lot striping needs, you are selecting a team experienced in asphalt paving and maintenance. Schlouch professionals will keep your asphalt trouble-free and looking better longer.
